Wauconda Township Permit Number: _____ Date: _____

Contractor: _____

Property/Territory Description: _____

Contractor requesting Wauconda Township Highway Department right-of-way use:

- Work shall begin on _____ and is expected to be completed within _____ (day, weeks, months). Contractor shall furnish all plans of the proposed construction to be approved by Scott Weisbruch, the highway commissioner.
- Contractor shall furnish all material, do all work, pay all costs and shall in a reasonable time restore the highway to a condition similar or equal to that existing before the commencement of the described work.
- The installation shall be constructed at least two feet below the service and to the satisfaction of the highway commissioner. The highway commissioner shall conduct a post construction inspection. Contractor will submit building plans to highway commissioner within 30 days of completeness.
- Contractor shall assume all risk and liability for accidents and /or damages that occur due to the construction being conducted by the utility company.
- Non-refundable permit review fee of \$100.00 shall be paid to Wauconda Township Road Dist. upon issuance of permit per location.
- Non-refundable road bore fee of \$300.00 (per road bore & 2 pits) shall be paid to Wauconda Township Road Dist.
- Roadway opening fee of \$1,000.00, refundable upon completion and inspection. A non-refundable road permit of \$100 is required with road opening.

Please see below the right-of-way use and standard specifications

1. **Standard Specifications** – The Illinois Department of Transportation Standard Specification for Road and Bridge Construction, latest edition shall govern all work, except as modified herein.
2. **Review Time** – The Township Highway Commissioner shall require a minimum of 10 days for the purpose of reviewing plans, specifications and permit applications.
3. **Installations** – Any installations completed in the Wauconda Township Highway Department right-of-way shall be placed at NO LESS THAN TWO FEET FROM THE SURFACE.
4. **Restoration** - The contractor shall restore the roadway & easement to ta condition similar or equal to that existing before the commencement of work.
5. **Adjoining Roads** – All adjoining roads shall be kept free of dirt and construction debris. Any dirt or construction debris tracked onto adjoining roads shall be removed as often as necessary throughout the course of the days to assure proper safe travel of the motoring public.
